MONAURAL HEADSET

Noise Cancelling  
Office Headsets  
for your business

Thank you for purchasing the  
*alphacom* Office 2000 Monaural Headset,  
part of the high quality range of  
headsets and accessories from the  
Alphacom range.

Your headset is fully guaranteed for  
two years from the date of purchase.

## Installation

To connect your *alphacom* headset simply insert the clear plug at the end of the headset cable into your phone.

## In-Line Connector

By disconnecting the In-Line Connector you are able to place the call on hold whilst you move away from the phone, simply reconnecting the connector will allow you to continue on with the call.

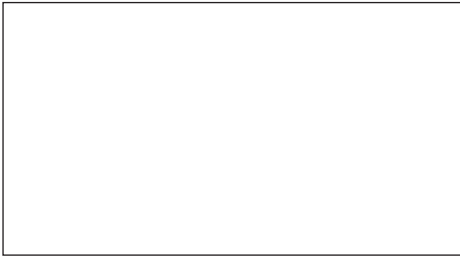

## Helpful tips

For the best audio results, always position the noise cancelling microphone approximately 20mm away from the corner of your mouth. Don't forget to attach the clothing clip to your clothing so reducing the weight of the headset cord on the headband.
